Response to Arguments

1. Applicant's arguments with respect to claims 1, 3-7, 10, 12, 16-18 and 22-25 have been considered but are moot in view of the new ground(s) of rejection.
2. Although Applicant has amended claims, which alleviates previous 112 rejections, amendments to claims 6, 7 and 22 creates new 112 issues.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 6, 7, 12, 13, 17-18 and 22-25 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Applicant is claiming in independent claims 6, 7 and 22, in line 18, **“wherein each asynchronous transfer mode adaptation layer 2 cell stream contains different call ids mapped into it under,”** which is unclear to Examiner as to exactly what is Applicant's intended reference with respect to the use of "**it**." Claims 12, 13, 17-18 and 22-28 depend on claims independent claims 6, 7 and 22, therefore, claims 12, 13, 17-18 and 23-25 are rejected as well.

Conclusion

Art Unit: 2419

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
